MARKET REVIEW

Kuwait's central bank had decided to cut its interest rate for the first time since 2012 to 2.75% from 3%. The decision aims to reduce cost of borrowing in the Kuwaiti Dinar, maintain a comfortable margin for the Kuwaiti currency, and provide a supportive environment for investment.

Kuwait's All Share index rose by +0.69% with positive contribution coming from Telecom +4.43% and Oil & Gas +1.52%.
